

My name is Sashna Uddin.

I am a mother of five children and I also work part time as an Admin Manager for our own successful IT Consultancy. I have been a Newham resident with my family for the past two decades and all my children have attended Central Park Primary School. Two of my youngest children are currently on the school roll. In my spare time I like going on holiday to different countries, I also have a love for food, gardening and sewing.

I have always taken a keen interest in the educational system and how it can empower individuals to realise their dreams and achieve their potential. In my capacity as a parent governor I hope to have a positive influence on the governance of the school and to make a contribution to the lives of younger people and our community.
